Wednesday, November 28, 2018 | 8–12:30pm

BDA

BERMUDA
BUSINESS
DEVELOPMENT
AGENCY

Bermuda has launched the world's first legislative framework for ICOs and digital asset businesses, setting a new bar for fintech regulation. This complimentary, half-day forum features multiple panels and offers thought leadership and practical information, plus valuable networking opportunities with global industry experts. Hear from successful start-ups and multinationals, and experience Bermuda's world-class culture of innovation to take your ideas to the next level.

8am Registration & breakfast

8:30am **WELCOME REMARKS**

- > Kevin Richards, Business Development Manager, Bermuda Business Development Agency

8:35am **SESSION #1 | INNOVATION ISLAND: WHY INDUSTRY PIONEERS CHOOSE BERMUDA**

A candid conversation between Bermuda's leader and one of the jurisdiction's strongest corporate advocates and trailblazers

Moderator

- > Sean Moran, Interim CEO, Bermuda Business Development Agency

Panel

- > Premier David Burt, Government of Bermuda
- > Brian Duperreault, President & CEO, American International Group (AIG)

9am **SESSION #2 | COMMERCIALISATION OF FINTECH**

Bermuda has established a robust and transparent legal and regulatory framework that seeks to provide certainty and credibility to businesses developing or servicing the digital assets business sector. Industry experts consider how the legal and regulatory environment contributes to the success of businesses looking to develop commercially viable applications in this space and identify where in the transaction chain of new business models real value is created.

Moderator

- > Steven Rees Davies, Partner, Appleby Bermuda

Panel

- > Tim Grant, CEO, DrumG Financial Technologies
- > Ed Mason, CEO, Core.Live
- > Stan Stalnaker, Chief Strategy Officer, Hub Culture

1 of 2

9:45am

SESSION #3 | BANKING DIGITAL ASSETS

Bermuda's recently passed Digital Asset Business Act 2018 (DABA) adds a new layer to the island's fintech transformation. Industry experts discuss emerging, innovative banking models related to digital assets, and how Bermuda is setting itself apart as the global standard for digital asset ecosystems.

Moderator

> Tom Bull, Director, Fintech, EY

Panel

- > Jarrett Abraham, Director of Corporate Development & Capital Markets, SALT
- > John Bullard, Advisor, EQI Bank
- > Neil Fillary, Co-Founder & CEO of Shuttle Holdings
- > Rob Wirszycz, Director, EQI Bank

10:30am

NETWORKING BREAK

10:45am

SESSION #4 | CHARTING THE NEW TECH TERRITORY

A discussion with Bermuda's fintech pioneers about how they're navigating avant-garde technologies in a fast-forward environment

Moderator

> Mina Matin, Partner, Norton Rose Fulbright US

Panel

- > Sol Girouard, CEO, Data Innovation Labs
- > Bruce Silcoff, CEO, Shyft Network

11:30am

SESSION #5 | THE EVOLUTION OF BERMUDA'S DIGITAL ASSET BUSINESS ACT

Bermuda was among the first countries to develop and enact a regulatory framework governing digital assets. This panel focusses on the unique factors that enabled the Bermuda Monetary Authority (BMA) to leverage its experience and quickly build regulatory capacity, and how Bermuda's framework now operates.

Moderator

> Brett Henshilwood, Partner, Deloitte Bermuda

Panel

- > Moad Fahmi, Senior Advisor, Supervision (Financial Technology), Bermuda Monetary Authority
- > Natalie Neto, Partner, Walkers

12:15pm

CLOSING REMARKS

> Sean Moran, Interim CEO, Bermuda Business Development Agency
